

CENTRAL BANK  
IS NOT POPULARWest and South Are Opposed  
to the Aldrich Plan.

FEAR THE POWER OF CAPITAL

New York Journal of Commerce Says  
Wall Street Is Not to Be Permitted  
to Reform the Currency—West Dis-  
trusts Friendly Relations Between  
the Aldrich and Morgan Interests.Washington, Oct. 11.—The New  
York Journal of Commerce, which is  
regarded as an authority on financial  
matters, says that Wall street is not  
to be permitted to reform the cur-  
rency.According to this paper, investiga-  
tions made recently throughout the  
West and South by interests close to  
the administration show there is slight  
chance of the passage of any currency  
legislation that contemplates the es-  
tablishment of a central bank. The  
paper thinks there is no such general  
opposition to the establishment of a  
central reserve association with proper  
safeguards against Wall street domi-  
nation.

West and South Opposed.

"But even the reserve association  
proposal, to succeed, according to in-  
formation gathered by the interests al-  
ready mentioned, must be entirely di-  
vorced from Wall street intrigue,"  
says the paper. "The West and the  
South will not stand for Wall street  
domination. For this reason former  
Senator Aldrich, as a result of his  
well known financial friendship to  
New York banking circles, is not an  
advocate for a plan of currency reform  
that will carry conviction to the West  
and South."The Journal of Commerce further  
asserts that when former Senator Ald-  
rich is in New York those who wish  
to learn his whereabouts call up J. P.  
Morgan & Co., and it expresses the  
view that the West distrusts the very  
friendly relations between Mr. Aldrich  
and the Morgan interests.The paper learns, so it says, that  
President Taft for some time has been  
alive to the handicaps that have grown  
up against the success of a currency  
plan and has taken the keenest sort of  
interest in the National Citizens' league,  
recently organized to promote  
banking and currency reform. The  
paper hears that the suggestion for  
the formation of this league emanated  
directly from the secretary of the  
treasury, Mr. MacVeagh, who has  
never been able to get along very well  
with Mr. Aldrich.

## RATE CASES ARE POSTPONED

All Cases to Be Brought Before Su-  
preme Court Jan. 8.Washington, Oct. 11.—Arguments in  
the Minnesota rate cases have been  
postponed until Jan. 8. Announcement  
to this effect was made by Chief Jus-  
tice White, who assigned all the other  
state rate cases for hearing at the  
same time. This includes cases in-  
volving the rate laws of Missouri,  
Oklahoma and Kansas, as well as  
those of Minnesota.Although no explanation of the post-  
ponement of the hearing was made, it  
is understood that the court wanted to  
have all the state rate cases heard at  
about the same time, one helping the  
other, inasmuch as the questions  
raised in all of them are similar, and  
can be decided practically as one case.

## MAKES LONG FLIGHT RECORD

Rodgers Covers 1,399 Miles in Day in  
Coast to Coast Trip.Marshall, Mo., Oct. 11.—Exceeding  
the world's record for a cross country  
aeroplane flight by 134 miles, and  
speeding through the air at times at  
the rate of seventy miles an hour,  
C. P. Rodgers landed here at 4:31  
p. m. on his air voyage from New  
York to San Francisco. The world's  
record—1,265 miles—was made by  
Harry Atwood in a recent flight from  
St. Louis to New York. Rodgers has  
flown 1,399 miles, according to rail-  
road mileage.From a start made at Springfield,  
Ill., at 8:35 a. m., Rodgers flew 214  
miles. He made two stops during the  
day—at Nebo, Mo., and at Thompson,  
Mo., where he replenished his supply  
of gasoline.

## SECRETARY IS PROMOTED

J. S. McClory Appointed Register of  
Land Office at Devils Lake, N. D.Devils Lake, N. D., Oct. 11.—The ap-  
pointment of J. Sherman McClory as  
register of the local land office has  
been received here. The appointment  
was made by the president to fill the  
vacancy created by the resignation of  
William Miller, who recently resigned.  
The document is dated Oct. 3, but  
Mr. McClory will not take charge un-  
til his bond has been approved. For  
the past year Mr. McClory has served  
as private secretary to Congressman  
L. B. Hanna.

Sympathetic Audience at Seattle.

Seattle, Oct. 11.—The Times says:  
"President Taft had a cordial, deeply  
sympathetic audience last night, in  
which women formed a large percent-  
age. In view of the rain the outpour-  
ing was remarkable and the greeting  
extended a notable tribute."SEND RELIEF TO

## OMAHA ROAD REPAIRS HELP

Persons Who Were Driven From  
Homes by Flood Are Moving Back  
to Lower Lands and Clearing Up  
Wreckage—Merchandise Is Arriving  
Daily and Fifteen Firms Have Re-  
sumed Business at Black River Falls.Black River Falls, Wis., Oct. 11.—  
Relief is arriving for the residents of  
this city who suffered from the flood  
last week. The Odd Fellows' lodge of  
Sparta sent Postmaster Lund \$100 in  
cash for the Odd Fellow lodge here,  
which lost everything, as did the  
Grand Army post. Persons who were  
driven from their homes on the lower  
lands are moving back and clearing  
up the mass of accumulated rubbish  
on their premises. Outsiders are re-  
sponding generously with supplies and  
the greatest care is taken that only  
the needy are supplied. The distribut-  
ing committee is also supplying those  
who have money coming from the city,  
but who cannot get it at present.Fifteen firms have resumed business  
and twice that number will be in op-  
eration before the week is out.The militia is still in charge of the  
city and everything is quiet. The  
troops here are undergoing regular  
army life.

## Railroad Gives \$1,000.

The first contributions of money  
have been received by Mayor McGil-  
liray. Omaha railway officials of St.  
Paul, including General Superin-  
tendent P. R. Pechin and General  
Manager A. W. Trenholm, viewed the  
ruins of the city and a donation of \$1-  
000 was made by the railroad com-  
pany. The party crossed the river and  
the verdict of the members was that  
the city is in need of financial aid.The Elks, through their exalted  
ruler, John P. Sullivan of Dubuque, Ia.,  
wired Mayor McGililray \$1,000, mak-  
ing a total of \$2,500 in money already  
received for the city.Major C. R. Williams received a  
message from C. L. Kluckholm, presi-  
dent of the St. Paul Association of  
Commerce, requesting advice as to the  
exact needs of the city, to which he  
replied: "The city is greatly in need  
of financial assistance." St. Paul is  
one of the few cities outside of the  
state which have offered assistance.As further aid, the state has, it is re-  
ported, ordered that the schools shall  
not be closed under any consideration.  
It was feared that owing to the loss  
of property the schools would have to  
be closed for lack of funds.

## Still Under Martial Law.

The city is practically under martial  
law, and passes are issued by Sheriff  
Meek to those who desire to aid in the  
search for goods carried away by the  
flood. Special police and soldiers stop  
all persons who do not hold a pass.The N. Nelson house, the only one  
left in the stricken district, still stands  
with nearly one-half of it hanging over  
the bank, forty feet above the new  
channel. It has been cabled and  
probably will be moved and saved, al-  
though it is at present tilted outward.  
Large supplies of groceries were re-  
ceived here by the merchants, who  
will reopen for business at once.

## WISCONSIN RIVER IS RISING

Fear Is Expressed the St. Paul's Road-  
bed Is Threatened.Portage, Wis., Oct. 11.—Much fear  
is entertained here for the safety of  
the dikes, especially the government  
levee, three miles south of this city.Roadmasters of the La Crosse and  
Northern divisions of the St. Paul  
road have all the section crews avail-  
able at work endeavoring to prevent  
the main line and Madison division  
tracks from being washed out. Crews  
of men employed by the city are pat-  
rolling the dikes, and hundreds of  
men are at work placing sandbags in  
an endeavor to prevent breaks.The river is rising rapidly, and if it  
continues to rise through the night  
the levees will not hold, and water will  
sweep down through the entire valley.Reports from Kilbourn are that the  
crest of the flood passing over the  
Southern Wisconsin power dam is  
nearly eleven feet above the dam. Water  
is over the fences along the St. Paul  
road's main line between Cheney  
and Kilbourn.

## Thirty Killed in Battle.

Mexico City, Oct. 11.—The official  
report of the progress of the revolu-  
tion in Northern Mexico states that  
thirty revolutionists were killed and  
seventy were injured in a battle at  
Chalpas.

## The Last Word.

"What's the first word in the dic-  
tionary?" asked the student.  
"The article 'a,' of course," replied  
Mr. Growther."And what's the last word?"  
"Ask my wife. She's an expert on  
the subject."—Washington Star.

## ARMY OF TENNESSEE MEETS

Lincoln Memorial Unveiled—General  
Fred Grant SpeaksCouncil Bluffs, Ia., Oct. 11.—The  
opening day of the reunion of the  
Army of the Tennessee was marked  
by the arrival of veterans from many  
sections of the country. The feature  
of the day was the unveiling of the  
Lincoln memorial on the spot where  
the martyred president was a guest  
of Major General Grenville M. Dodge  
and this city fifty years ago. The  
monument is the gift of the Iowa  
Daughters of the American Revolution.The presentation was made by Miss  
Harriet B. Lake of Independence,  
president of the Iowa D. A. R. Gen-  
eral Frederick D. Grant was on the  
program for an address immediately  
after the unveiling.TURKS TRY TO TAKE  
TRIPOLI, BUT FAILRepulsed by Italian Troops Who  
Were Warned of Move.Tripoli, Oct. 11.—An attempt by 3,  
000 Turkish troops, with field guns,  
to recapture Tripoli in the early morning  
was defeated by Italian troops, warned  
that the attempt would be made.Italian guns were well placed, and  
the Turks were met with a heavy ar-  
tillery and rifle fire, to which they re-  
plied with equal energy. It was moon-  
light and the fleet turned the search-  
lights on the contending forces. When  
the engagement was at its height the  
battleships and cruisers joined in with  
their smaller batteries, directing the  
shells to cover the Italian front and  
flank.For more than an hour the firing on  
shore was continuous, but about 2  
a. m. it slackened and gradually  
ceased. The Turks retired, but in  
good order, although it is reported  
they suffered heavy losses.Another body of Turks tried to turn  
the Italians' eastern flank, but without  
success. Italian casualties were slight.  
The fleet pursued the retreating  
Turks with a heavy shell fire.

## BOILERS ARE FOUND INTACT

Explosion of Maine Not Due to De-  
fects in Engine Room.Washington, Oct. 11.—At least one  
fact has developed beyond controversy  
in connection with the excavation go-  
ing on inside the cofferdam enclosing  
the wreck of the Maine in Havana  
harbor. That is that the ship was  
not blown up by the boilers. A re-  
port from the army engineers shows  
the workmen have uncovered the tops  
of the boilers which were intact, with  
one exception. That was in the case  
of one of the forward boilers which  
was not burst, but which had been  
driven bodily astern by the blast from  
the magazines.

waukee detective agency, and Offi-  
cer Fred Locker of this city.

## REFUSE SUFFRAGE TO WOMEN

California, However, Carries Initiative  
and Referendum.San Francisco, Oct. 11.—With re-  
turns from little more than one-tenth  
of the state at hand the indications  
are that California has refused to  
grant equal suffrage to women, but  
by an emphatic vote has made the  
initiative and referendum and the re-  
call, the latter including the judiciary,  
part of its organic law.Twenty-three proposed amendments  
to the state's constitution were voted  
on. Of these the three mentioned and  
the proposition to make the state rail-  
road commission an appointive body  
and empowering the legislature to en-  
large the powers of the board over-  
shadowed in public interest all the  
rest.BOURNE FAVORS  
PRIMARY PLANSenator Makes Suggestion to  
National Committee.

REFERS TO "STEAM ROLLER."

Thinks Presidential Candidate In-  
dorsed by the People Would Be  
Stronger at the Polls Than One  
Nominated by Bosses Working  
Through Delegates in Convention.

By ARTHUR W. DUNN.

Washington, Oct. 11.—[Special.]—  
Senator Jonathan Bourne, president  
of the Progressive Republican league,  
has sent a letter to every member of  
the Republican national committee  
urging when the call for the na-  
tional convention is issued that it  
contain a strong recommendation for  
states to call presidential primaries  
for the purpose of allowing the voters  
to express their preferences. He says  
this method is right in principle be-  
cause it gives voters an opportunity  
to express their preferences for the  
great offices of president and vice  
president."It is expedient as a party measure,"  
says a letter, "for no party candidate  
could go before the country with a  
stronger argument than that he had  
been selected by a direct vote of the  
members of his party and not by a  
convention dominated by operators of  
a steam roller." He asserts that the  
popular selection of candidates would  
mean a saving of hundreds of millions  
of dollars now wasted through indus-  
trial inactivity due to the unsettling  
of conditions incident to every presi-  
dential election."Steam roller" suggestion.  
The "steam roller" suggestion is  
amusing when we remember that it  
was this same committee that origi-  
nated the term at the last national  
convention. It came about this way:  
Outside the convention hall there was  
a steam roller at work on the streets,  
and the way it flattened out and ran  
over everything opposed to it re-  
minded men about the convention of  
the methods which Hitchcock and other  
Taft managers were using to oust all  
delegates who were not properly tag-  
ged and labeled. It is doubtful whether  
the protest against the steam roller  
method which Bourne invokes will ap-  
peal to the men who were most suc-  
cessful operators of the same steam  
roller less than four years ago.

## Sounds Sarcastic.

"Assuredly," says Bourne, "this plan  
of a nation wide presidential primary  
should receive the cordial indorsement  
of every man who contemplates being  
a candidate for the nomination." That  
sounds sarcastic, for most of us know  
that the man most likely to be nomi-  
nated at the next convention is sure  
to get more delegates under the old  
system than by preferential prima-  
ries.It is the expectation of Taft's friends  
that he will be nominated practically  
without opposition. If there should be  
presidential primaries the mere fact  
that any considerable number of Re-  
publicans preferred another man would  
not be pleasing to him. He would  
rather have what looks like a unani-  
mous nomination.

## Not His Deal.

Serenio Payne, former chairman of  
the ways and means committee, when  
in Washington a short time ago told  
the newspaper men that he was not  
worrying over the tariff. Right he  
was for it is not his worry. For nearly  
twenty years he has been making  
tariff bills, but has now gone out of  
that business. The Democrats of the  
ways and means committee have  
demonstrated they can make bills  
without Republican help, and so Payne  
and his fellow members have only to  
sit back and wait. After the bills are  
made they are permitted to criticize,  
but not to change them.

## Can't Know Everything.

It has been demonstrated during the  
hearings before the Hughes commis-  
sion, which is trying to find out what  
it costs to handle second class mail  
matter, that no one man can know  
everything. Even the most expert ac-  
countants who had made up the fig-  
ures could not tell about them with-  
out frequent appeals to assistants and  
others who had been connected with  
the compilation and methods. It was  
again shown that there is a wide dif-  
ference of opinion as to the real cost  
of mail transportation by classes. It  
is not believed that anything like a  
definite statement can be made which  
will enable congress to legislate dur-  
ing the present session.

## Annual Reports.

From the 1st of October until con-  
gress meets is the season of annual  
reports. Every official of the govern-  
ment, save the under clerks, has to  
make some kind of annual report, and  
it is very serious business too. Cab-  
inet officers, chief clerks and bureau  
chiefs are scowling over their desks  
or working like a schoolboy over a  
composition, trying to make a report  
of the official acts which have trans-  
pired during the year.These reports are necessary as of-  
ficial documents, but they are not very  
entertaining. Nor are they so im-  
portant as the men who make them  
think. After being printed they are  
fled away to sleep with millions that  
have gone before.

## Train Derailed; Many Hurt.

Cordele, Ga., Oct. 11.—Twenty-one  
persons were hurt when a Seaboard  
Air line passenger train from Helena  
to Columbus was partially derailed  
three miles east of Cordele.

M'NAMARA CASENo Decision as to Which of  
Brothers Will Be First Tried.Los Angeles, Cal., Oct. 11.—Official  
uncertainty surrounds every point of  
interest in the trial of the McNamara  
brothers.Whether John J. McNamara, secre-  
tary of the International Association of  
Bridge and Structural Iron Work-  
ers, will be placed on trial for murder  
in connection with the Los Angeles  
Times explosion of Oct. 1, 1910, which  
cost twenty-one lives, or his brother,  
James B. McNamara, will face trial  
on identical indictments, was not  
made known, because District Attor-  
ney John D. Fredericks said the de-  
fense still had the technical right to  
have both men stand trial together.Until the expressed preference for  
separate trials is made a certainty,  
which probably will not be before  
court opens at 10 o'clock, the prosecu-  
tion will not announce which man first  
will be tried. The popular belief and  
that of the defense is that James B.  
McNamara will be selected.Attorney Clarence S. Darrow, chief  
counsel for the defense, said no ef-  
fort to delay the beginning of the case  
will be made."We shall ask for a change of  
judge," said Mr. Darrow, "We expect  
that it will be denied and then the  
trial will go ahead."Spokane, Wash., Oct. 11.—Nearly  
200,000 Industrial Workers of the  
World and other workmen affiliated  
with that organization are scheduled  
to quit work the day the trial of the  
McNamara brothers begins in Los  
Angeles. Cessation of work is to be  
intended as a protest against the  
methods practiced in the arrest and  
extradition of the prisoners, according  
to local officials of the order.

## ROYALISTS GIVE UP HOPE

Portuguese Fail to Join Counter Revo-  
lution as Expected.Lisbon, Oct. 11.—The attempted  
counter revolution has failed. The roy-  
alists, disappointed in their hopes that  
the people would rise and join them,  
have been driven back to the frontier,  
leaving several hundred prisoners in  
the hands of the government forces.  
Captain Couceiro, the royalist leader,  
has entrenched himself in the hill  
north of Vinhaes, a mile from the  
Spanish frontier. It is not known how  
many men he had with him, but two  
regiments of infantry, a squad of cav-  
alry and two battalions of infantry are  
preparing to attack him, and it is be-  
lieved he will be forced to take refuge  
in Spain.

## STREET CAR STRIKE LIKELY

Unless Third Members of Arbitration  
Board Acts Cars Will Stop.Des Moines, Ia., Oct. 11.—With ev-  
ery prospect that Des Moines will be  
in the midst of another complete tie-  
up of its street car system, a desper-  
ate effort is being made to avert a  
strike.The success of the endeavor rests  
upon obtaining the consent of M. S.  
Gilbertson, former treasurer of the  
state, to serve as third arbitrator for  
the dispute between the carmen's  
union and the Des Moines Street Rail-  
way company. Mr. Gilbertson is not  
in Des Moines at present, but is sup-  
posed to be on his way to Red Lake  
Falls, Minn.Unless he consents to serve a strike  
is inevitable, provided General Man-  
ager Harrison for the company does  
not change his mind and reinstate the  
three discharged employees. It is not  
expected he will reinstate the men.

## RETURN MANY INDICTMENTS

Grand Jury at St. Paul Hands in Batch  
of True Bills.St. Paul, Oct. 11.—The grand jury  
handed in a match of indictments to  
Judge Grier M. Orr of the Ramsey  
county district court containing true  
bills for murder in the first degree  
against three men, for robbery, bur-  
glary and grand larceny in the first  
degree against Harry T. Robinson and  
the two men alleged to be his accom-  
plices in the Shubert theater robbery,  
and bills in other criminal cases.Peter Juhl, who shot Detective  
Frank Fraser Aug. 12, is indicted for  
murder in the first degree. Juhl was  
at the time a fugitive from the state  
prison, and fired the shot as Fraser  
placed him under arrest in a street  
car.

## METHODISTS PRAISE TAFT

Say His Peace Proposal Is Courageous  
and Magnificent.Toronto, Oct. 11.—"The act of Presi-  
dent Taft in bringing forward the  
peace proposal between England and  
America is one of the most courageous  
and magnificent attempts ever made  
by any statesman in the history of  
the world." Shortly after this state-  
ment had been made to the Ecumeni-  
cal Methodist conference by Alder-  
man T. Snape of Liverpool, England,  
the delegates unanimously adopted a  
resolution indorsing the proposed ar-  
bitration.

## Too Cautious.

"I have the greatest confidence in  
Dr. Slocum as a physician," said one  
of the doctor's patients. "He never  
gives an opinion till he has waited and  
weighed a case and looked at it from  
every side.""Um-m!" said the skeptical friend.  
"That's all right if you don't carry it  
too far. There have been times, you  
know, when he's been so cautious that  
his diagnosis has come near getting  
mixed up with the postmortem."—

## INSPECTS LARGE DRY DOCK

Chief Executive of Nation Addresses  
Large Audience at Tacoma Armory  
In Support of the Pending Peace  
Treaties With Great Britain and  
France—Is Entertained Royally in  
Coast City.Tacoma, Wash., Oct. 11.—President  
Taft varied the monotony of his long  
train trip by sailing across Puget  
sound from Seattle to the Bremerton  
navy yard and from Bremerton to Ta-  
coma. The president spoke in the  
armory here in the evening, previous  
to leaving for Southwestern Washing-  
ton and Oregon.The president's party was taken  
from Seattle to Bremerton in a fast  
sound steamer, loaded with bunting  
and bearing the president's flag. Rear  
Admiral Colman, commandant of the  
yard, and his aide were on the wharf  
at Seattle and made the trip.

CENTRAL BANK  
IS NOT POPULARWest and South Are Opposed  
to the Aldrich Plan.

FEAR THE POWER OF CAPITAL

New York Journal of Commerce Says  
Wall Street Is Not to Be Permitted  
to Reform the Currency—West Dis-  
trusts Friendly Relations Between  
the Aldrich and Morgan Interests.

Washington, Oct. 11.—The New  
York Journal of Commerce, which is  
regarded as an authority on financial  
matters, says that Wall street is not  
to be permitted to reform the cur-  
rency.

According to this paper, investiga-  
tions made recently throughout the  
West and South by interests close to  
the administration show there is slight  
chance of the passage of any currency  
legislation that contemplates the es-  
tablishment of a central bank. The  
paper thinks there is no such general  
opposition to the establishment of a  
central reserve association with prop-  
er safeguards against Wall street dom-  
ination.

West and South Opposed.

"But even the reserve association  
proposal, to succeed, according to in-  
formation gathered by the interests al-  
ready mentioned, must be entirely di-  
vorced from Wall street intrigue,"  
says the paper. "The West and the  
South will not stand for Wall street  
domination. For this reason former  
Senator Aldrich, as a result of his  
well known financial friendship to  
New York banking circles, is not an  
advocate for a plan of currency reform  
that will carry conviction to the West  
and South."

The Journal of Commerce further  
asserts that when former Senator Ald-  
rich is in New York those who wish  
to learn his whereabouts call up J. P.  
Morgan & Co., and it expresses the  
view that the West distrusts the very  
friendly relations between Mr. Aldrich  
and the Morgan interests.

The paper learns, so it says, that  
President Taft for some time has been  
alive to the handicaps that have grown  
up against the success of a currency  
plan and has taken the keenest sort of  
interest in the National Citizens' lea-  
gue, recently organized to promote  
banking and currency reform. The  
paper hears that the suggestion for  
the formation of this league emanated  
directly from the secretary of the  
treasury, Mr. MacVeagh, who has  
never been able to get along very well  
with Mr. Aldrich.

## RATE CASES ARE POSTPONED

All Cases to Be Brought Before Su-  
preme Court Jan. 8.

Washington, Oct. 11.—Arguments in  
the Minnesota rate cases have been  
postponed until Jan. 8. Announcement  
to this effect was made by Chief Jus-  
tice White, who assigned all the other  
state rate cases for hearing at the  
same time. This includes cases in-  
volving the rate laws of Missouri,  
Oklahoma and Kansas, as well as  
those of Minnesota.

Although no explanation of the post-  
ponement of the hearing was made, it  
is understood that the court wanted to  
have all the state rate cases heard at  
about the same time, one helping the  
other, inasmuch as the questions  
raised in all of them are similar, and  
can be decided practically as one case.

## MAKES LONG FLIGHT RECORD

Rodgers Covers 1,399 Miles in Day in  
Coast to Coast Trip.

Marshall, Mo., Oct. 11.—Exceeding  
the world's record for a cross country  
aeroplane flight by 134 miles, and  
speeding through the air at times at  
the rate of seventy miles an hour,  
C. P. Rodgers landed here at 4:31  
p. m. on his air voyage from New  
York to San Francisco. The world's  
record—1,265 miles—was made by  
Harry Atwood in a recent flight from  
St. Louis to New York. Rodgers has  
flown 1,399 miles, according to rail-  
road mileage.

From a start made at Springfield,  
Ill., at 8:35 a. m., Rodgers flew 214  
miles. He made two stops during the  
day—Nebo, Mo., and at Thompson,  
Mo., where he replenished his supply  
of gasoline.

## SECRETARY IS PROMOTED

J. S. McClory Appointed Register of  
Land Office at Devils Lake, N. D.

Devils Lake, N. D., Oct. 11.—The ap-  
pointment of J. Sherman McClory as  
register of the local land office has  
been received here. The appointment  
was made by the president to fill the  
vacancy created by the resignation of  
William Miller, who recently resigned.  
The document is dated Oct. 3, but  
Mr. McClory will not take charge un-  
til his bond has been approved. For  
the past year Mr. McClory has served  
as private secretary to Congressman  
L. B. Hanna.

Sympathetic Audience at Seattle.  
Seattle, Oct. 11.—The Times says:  
"President Taft had a cordial, deeply  
sympathetic audience last night, in  
which women formed a large percent-  
age. In view of the rain the outpour-  
ing was remarkable and the greeting  
extended a notable tribute."

SEND RELIEF TO  
FLOOD VICTIMSMoney Contributions of \$2,500  
Already Received.

## OMAHA ROAD REPAIRS HELP

Persons Who Were Driven From  
Homes by Flood Are Moving Back  
to Lower Lands and Clearing Up  
Wreckage—Merchandise Is Arriving  
Daily and Fifteen Firms Have Re-  
sumed Business at Black River Falls.

Black River Falls, Wis., Oct. 11.—  
Relief is arriving for the residents of  
this city who suffered from the flood  
last week. The Odd Fellows' lodge of  
Sparta sent Postmaster Lund \$100 in  
cash for the Odd Fellow lodge here,  
which lost everything, as did the  
Grand Army post. Persons who were  
driven from their homes on the lower  
lands are moving back and clearing  
up the mass of accumulated rubbish on  
their premises. Outsiders are re-  
sponding generously with supplies and  
the greatest care is taken that only  
the needy are supplied. The distribut-  
ing committee is also supplying those  
who have money coming from the city,  
but who cannot get it at present.

Fifteen firms have resumed business  
and twice that number will be in op-  
eration before the week is out.  
The militia is still in charge of the  
city and everything is quiet. The  
troops here are undergoing regular  
army life.

## Railroad Gives \$1,000.

The first contributions of money  
have been received by Mayor McGil-  
liray. Omaha railway officials of St.  
Paul, including General Superin-  
tendent F. R. Pechin and General  
Manager A. W. Trenholm, viewed the  
ruins of the city and a donation of \$1-  
000 was made by the railroad com-  
pany. The party crossed the river and  
the verdict of the members was that  
the city is in need of financial aid.

The Elks, through their exalted  
ruler, John P. Sullivan of Dubuque, Ia.,  
wired Mayor McGilgillray \$1,000, mak-  
ing a total of \$2,500 in money already  
received for the city.

Major C. R. Williams received a  
message from C. L. Kluckhohn, presi-  
dent of the St. Paul Association of  
Commerce, requesting advice as to the  
exact needs of the city, to which he  
replied: "The city is greatly in need  
of financial assistance." St. Paul is  
one of the few cities outside of the  
state which have offered assistance.

As further aid, the state has, it is  
reported, ordered that the schools shall  
not be closed under any consideration.  
It was feared that owing to the loss  
of property the schools would have to  
be closed for lack of funds.

## Still Under Martial Law.

The city is practically under martial  
law, and passes are issued by Sheriff  
Meek to those who desire to aid in the  
search for goods carried away by the  
flood. Special police and soldiers stop  
all persons who do not hold a pass.

The N. Nelson house, the only one  
left in the stricken district, still stands  
with nearly one-half of it hanging over  
the bank, forty feet above the new  
channel. It has been cabled and  
probably will be moved and saved, al-  
though it is at present tilted outward.  
Large supplies of groceries were re-  
ceived here by the merchants, who will  
reopen for business at once.

## WISCONSIN RIVER IS RISING

Fear Is Expressed the St. Paul's Road-  
bed Is Threatened.

Portage, Wis., Oct. 11.—Much fear  
is entertained here for the safety of  
the dikes, especially the government  
levee, three miles south of this city.

Roadmasters of the La Crosse and  
Northern divisions of the St. Paul  
road have all the section crews avail-  
able at work endeavoring to prevent  
the main line and Madison division  
tracks from being washed out. Crews  
of men employed by the city are pat-  
rolling the dikes, and hundreds of  
men are at work placing sandbags in  
an endeavor to prevent breaks.

The river is rising rapidly, and if it  
continues to rise through the night  
the levees will not hold, and water will  
sweep down through the entire valley.  
Reports from Kilbourn are that the  
crest of the flood passing over the  
Southern Wisconsin power dam is  
nearly eleven feet above the dam. Water  
is over the fences along the St.  
Paul road's main line between Cheney  
and Kilbourn.

## Thirty Killed in Battle.

Mexico City, Oct. 11.—The official  
report of the progress of the revolution  
in Northern Mexico states that  
thirty revolutionists were killed and  
seventy were injured in a battle at  
Chapais.

## The Last Word.

"What's the first word in the dic-  
tionary?" asked the student.  
"The article 'a,' of course," replied  
Mr. Grower.  
"And what's the last word?"  
"Ask my wife. She's an expert on  
the subject."—Washington Star.

## ARMY OF TENNESSEE MEETS

Lincoln Memorial Unveiled—General  
Fred Grant Speaks

Council Bluffs, Ia., Oct. 11.—The  
opening day of the reunion of the  
Army of the Tennessee was marked  
by the arrival of veterans from many  
sections of the country. The feature  
of the day was the unveiling of the  
Lincoln memorial on the spot where  
the martyred president was a guest  
of Major General Grenville M. Dodge  
and this city fifty years ago. The  
monument is the gift of the Iowa  
Daughters of the American Revolution.

The presentation was made by Miss  
Harriet B. Lake of Independence,  
president of the Iowa D. A. R. Gen-  
eral Frederick D. Grant was at the  
program for an address immediately  
after the unveiling.

TURKS TRY TO TAKE  
TRIPOLI, BUT FAILRepulsed by Italian Troops Who  
Were Warned of Move.

Tripoli, Oct. 11.—An attempt by 3,  
000 Turkish troops, with field guns,  
to recapture Tripoli in the early morning  
was defeated by Italian troops, warned  
that the attempt would be made.

Italian guns were well placed, and  
the Turks were met with a heavy ar-  
tillery and rifle fire, to which they re-  
plied with equal energy. It was moon-  
light and the fleet turned the search-  
lights on the contending forces. When  
the engagement was at its height the  
battleships and cruisers joined in with  
their smaller batteries, directing the  
shells to cover the Italian front and  
flank.

For more than an hour the firing on  
shore was continuous, but about 2  
a. m. it slackened and gradually  
ceased. The Turks retired, but in  
good order, although it is reported  
they suffered heavy losses.

Another body of Turks tried to turn  
the Italians' eastern flank, but without  
success. Italian casualties were slight.  
The fleet pursued the retreating  
Turks with a heavy shell fire.

## BOILERS ARE FOUND INTACT

Explosion of Maine Not Due to De-  
fects in Engine Room.

Washington, Oct. 11.—At least one  
fact has developed beyond controversy  
in connection with the excavation go-  
ing on inside the cofferdam enclosing  
the wreck of the Maine in Havana  
harbor. That is that the ship was  
not blown up by the boilers. A re-  
port from the army engineers shows  
the workmen have uncovered the tops  
of the boilers which were intact, with  
one exception. That was in the case  
of one of the forward boilers which  
was not burst, but which had been  
driven bodily astern by the blast from  
the magazines.

## Milwaukee Fugitive Caught.

Great Falls, Mont., Oct. 11.—Charged  
with fraudulent land deals in Mil-  
waukee to which city he was being taken  
a prisoner, but having escaped two  
detectives, who had him in custody,  
Ernest Leinse was arrested here by  
Detective Henry Rooney of a Mil-  
waukee detective agency, and Offi-  
cer Fred Locker of this city.

## REFUSE SUFFRAGE TO WOMEN

California, However, Carries Initiative  
and Referendum.

San Francisco, Oct. 11.—With re-  
turns from little more than one-tenth  
of the state at hand the indications  
are that California has refused to  
grant equal suffrage to women, but  
by an emphatic vote has made the  
initiative and referendum and the re-  
call, the latter including the judiciary,  
part of its organic law.

Twenty-three proposed amendments  
to the state's constitution were voted  
on. Of these the three mentioned and  
the proposition to make the state rail-  
road commission an appointive body  
and empowering the legislature to en-  
large the powers of the board over-  
shadowed in public interest all the  
rest.

BOURNE FAVORS  
PRIMARY PLANSenator Makes Suggestion to  
National Committee.

REFERS TO "STEAM ROLLER."

Thinks Presidential Candidate In-  
dorsed by the People Would Be  
Stronger at the Polls Than One  
Nominated by Bosses Working  
Through Delegates in Convention.

By ARTHUR W. DUNN.

Washington, Oct. 11.—[Special.]—  
Senator Jonathan Bourne, president  
of the Progressive Republican league,  
has sent a letter to every member of  
the Republican national committee  
urging when the call for the na-  
tional convention is issued that it  
contain a strong recommendation for  
states to call presidential primaries  
for the purpose of allowing the voters  
to express their preferences. He says  
this method is right in principle be-  
cause it gives voters an opportunity  
to express their preferences for the  
great offices of president and vice  
president.

"It is expedient as a party measure,"  
says a letter, "for no party candidate  
could go before the country with a  
stronger argument than that he had  
been selected by a direct vote of the  
members of his party and not by a  
convention dominated by operators of  
a steam roller." He asserts that the  
popular selection of candidates would  
mean a saving of hundreds of millions  
of dollars now wasted through indus-  
trial inactivity due to the unsettling  
of conditions incident to every presi-  
dential election.

## "Steam Roller" Suggestion.

The "steam roller" suggestion is  
amusing when we remember that it  
was this same committee that origi-  
nated the term at the last national  
convention. It came about this way:  
Outside the convention hall there was  
a steam roller at work on the streets,  
and the way it rattled on and ran  
over everything opposed to it re-  
minded men about the convention  
the methods which Hittcock and other  
Taft managers were using to oust all  
delegates who were not properly tag-  
ged and labeled. It is doubtful whether  
the protest against the steam roller  
method which Bourne invokes will ap-  
peal to the men who were most suc-  
cessful operators of the same steam  
roller less than four years ago.

## Sounds Sarcastic.

"Assuredly," says Bourne, "this plan  
of a nation wide presidential primary  
should receive the cordial indorsement  
of every man who contemplates being  
a candidate for the nomination." That  
sounds sarcastic, for most of us know  
that the man most likely to be nomi-  
nated at the next convention is sure  
to get more delegates under the old  
system than by preferential prima-  
ries.

It is the expectation of Taft's friends  
that he will be nominated practically  
without opposition. If there should be  
presidential primaries the mere fact  
that any considerable number of Re-  
publicans preferred another man would  
not be pleasing to him. He would  
rather have what looks like a unani-  
mous nomination.

## Not His Deal.

Sereno Payne, former chairman  
of the ways and means committee, when  
in Washington a short time ago told  
the newspaper men that he was not  
worrying over the tariff. Right he  
was for it is not his worry. For nearly  
twenty years he has been making  
tariff bills, but has now gone out of  
that business. The Democrats of the  
ways and means committee have  
demonstrated they can make bills  
without Republican help, and so Payne  
and his fellow members have only to  
sit back and wait. After the bills are  
made they are permitted to criticize,  
but not to change them.

Can't Know Everything.  
It has been demonstrated during the  
hearings before the Hughes commis-  
sion, which is trying to find out what  
it costs to handle second class mail  
matter, that no one man can know  
everything. Even the most expert ac-  
countants who had made up the fig-  
ures could not tell about them with-  
out frequent appeals to assistants and  
others who had been connected with  
the compilation and methods. It was  
again shown that there is a wide dif-  
ference of opinion as to the real cost  
of mail transportation by classes. It  
is not believed that anything like a  
definite statement can be made which  
will enable congress to legislate dur-  
ing the present session.

Annual Reports.  
From the 1st of October until con-  
gress meets is the season of annual  
reports. Every official of the govern-  
ment, save the under clerks, has to  
make some kind of annual report, and  
it is very serious business too. Cab-  
inet officers, chief clerks and bureau  
chiefs are scowling over their desks  
or working like a schoolboy over a  
composition, trying to make a report  
of the official acts which have trans-  
pired during the year.

These reports are necessary as of-  
ficial documents, but they are not very  
entertaining. Nor are they so impor-  
tant as the men who make them  
think. After being printed they are  
filed away to sleep with millions that  
have gone before.

## Train Derailed; Many Hurt.

Cordele, Ga., Oct. 11.—Twenty-one  
persons were hurt when a Seaboard  
Air line passenger train from Helena  
to Columbus was partially derailed  
three miles east of Cordele.

## JULIUS KRUTTSCHNITT

Elected to Succeed H. C. Frick  
on Union Pacific Directorate.

## ELECT ONLY ONE NEW MEMBER

Kruttschnitt Succeeds Frick in Union  
Pacific Directorate.

Salt Lake City, Utah, Oct. 11.—At  
the annual stockholders' meeting of  
the Union Pacific railroad here the  
following directors were re-elected:

Oliver Ames, Boston; A. J. Earling,  
Marvin Huggitt, Chicago; Robert  
J. Goeltz, Newport; Otto H. Kahn,  
Morristown, N. J.; H. W. De Forest,  
Robert J. Lovett, Charles A. Peabody,  
William Rockefeller, Mortimer L.  
Schiff, William G. Rockefeller, W. V.  
S. Thorne and F. A. Vanderlin, New  
York, and Joseph F. Smith, Salt Lake  
City.

Julius Kruttschnitt was elected to  
succeed Henry C. Frick, resigned.

UNCERTAINTY IN  
McNAMARA CASENo Decision as to Which of  
Brothers Will Be First Tried.

Los Angeles, Cal., Oct. 11.—Official  
uncertainty surrounds every point of  
interest in the trial of the McNamara  
brothers.

Whether John J. McNamara, secre-  
tary of the International Association of  
Bridge and Structural Iron Work-  
ers, will be placed on trial for murder  
in connection with the Los Angeles  
Times explosion of Oct. 1, 1910, which  
cost twenty-one lives, or his brother,  
James B. McNamara, will face trial  
on identical indictments, was not  
made known, because District At-  
torney John D. Fredericks said the de-  
fense still had the technical right to  
have both men stand trial together.

Until the expressed preference for  
separate trials is made a certainty,  
which probably will not be before  
court opens at 10 o'clock, the prosecu-  
tion will not announce which man first  
will be tried. The popular belief and  
that of the defense is that James B.  
McNamara will be selected.

Attorney Clarence S. Darrow, chief  
counsel for the defense, said no ef-  
fort to delay the beginning of the case  
will be made.

"We shall ask for a change of  
judge," said Mr. Darrow, "we expect  
that it will be denied and then the  
trial will go ahead."

Spokane, Wash., Oct. 11.—Nearly  
200,000 Industrial Workers of the  
World and other workmen affiliated  
with that organization are scheduled  
to quit work the day the trial of the  
McNamara brothers begins in Los  
Angeles. Cessation of work is to be  
intended as a protest against the  
methods practiced in the arrest and  
extradition of the prisoners, according  
to local officials of the order.

## ROYALISTS GIVE UP HOPE

Portuguese Fail to Join Counter Revo-  
lution as Expected.

Lisbon, Oct. 11.—The attempted  
counter revolution has failed. The roy-  
alists, disappointed in their hopes that  
the people would rise and join them,  
have been driven back to the frontier,  
leaving several hundred prisoners in  
the hands of the government forces.  
Captain Cucoiro, the royalist leader,  
has entrenched himself in the hill  
north of Vinhaes, a mile from the  
Spanish frontier. It is not known how  
many men he had with him, but two  
regiments of infantry, a squad of cav-  
alry and two battalions of infantry are  
preparing to attack him, and it is be-  
lieved he will be forced to take refuge  
in Spain.

## YOUNG ADMITS THE ROBBERY

Pleads Guilty to Looting North Coast  
Limited July 11.

Fargo, N. D., Oct. 11.—John Young,  
charged with the robbery of Northern  
Pacific train No. 2 at Buffalo, N. D.,  
July 19 last, pleaded guilty to the  
charge and will be sentenced by Judge  
Pollock.

The plea came as the result of a  
talk with State's Attorney A. W. Pow-  
ler. Young pleaded guilty against the

## STREET CAR STRIKE LIKELY

Unless Third Members of Arbitration  
Board Acts Cars Will Stop.

Des Moines, Ia., Oct. 11.—With ev-  
ery prospect that Des Moines will be  
in the midst of another complete tie-  
up of its street car system, a desper-  
ate effort is being made to avert a  
strike.

The success of the endeavor rests  
upon obtaining the consent of M. S.  
Gilbertson, former treasurer of the  
state, to serve as third arbitrator for  
the dispute between the carmen's  
union and the Des Moines Street Rail-  
way company. Mr. Gilbertson is not  
in Des Moines at present, but is sup-  
posed to be on his way to Red Lake  
Falls, Minn.

Unless he consents to serve a strike  
is inevitable, provided General Man-  
ager Harrigan for the company does  
not change his mind and reinstate the  
three discharged employees. It is not  
expected he will reinstate the men.

## RETURN MANY INDICTMENTS

Grand Jury at St. Paul Hands in Batch  
of True Bills.

St. Paul, Oct. 11.—The grand jury  
handed in a batch of indictments to  
Judge Grier M. Orr of the Ramsey  
county district court containing true  
bills for murder in the first degree  
against three men, for robbery, bur-  
glary and grand larceny in the first  
degree against Harry T. Robinson and  
the two men alleged to be his accom-  
plices in the Schubert theater robbery,  
and bills in other criminal cases.

Peter Juhl, who shot Detective  
Frank Fraser Aug. 12, is indicted for  
murder in the first degree. Juhl was  
at the time a fugitive from the state  
prison, and fired the shot as Fraser  
placed him under arrest in a street  
car.

## METHODISTS PRAISE TAFT

Say His Peace Proposal Is Courageous  
and Magnificent.

Toronto, Oct. 11.—"The act of Presi-  
dent Taft in bringing forward the  
peace proposal between England and  
America is one of the most courageous  
and magnificent attempts ever made  
by any statesman in the history of  
the world." Shortly after this state-  
ment had been made to the Ecumeni-  
cal Methodist conference by Alder-  
man T. Snape of Liverpool, England,  
the delegates unanimously adopted a

## Too Cautious.

"I have the greatest confidence in  
Dr. Slocum as a physician," said one  
of the doctor's patients. "He never  
gives an opinion till he has waited and  
weighed a case and looked at it from  
every side."

"Um-um," said the skeptical friend.  
"That's all right if you don't carry it  
too far. There have been times, you  
know, when he's been so cautious that  
his diagnosis has come near getting  
mixed up with the postmortem."—

Mark Twain's Joke on the Bishop. Bishop Doane of Albany was at one time the rector of an Episcopal church in Hartford, and the services at this church Mark Twain would occasionally attend. Twain one Sunday played a joke upon the rector.

"Dr. Doane," he said at the end of the service, "I enjoyed your sermon this morning. I welcomed it like an old friend. I have, you know, a book at home containing every word of it."

"You have not," said Dr. Doane.

"I have so," said the humorist.

"Well, send that book to me. I'd like to see it."

"I'll send it," Twain replied.

And he sent the next morning an unabridged dictionary to the rector.

R. E. Stanton and Max Toltz, of the Toltz Engineering Co., of St. Paul, are in the city. Mr. Toltz expressed himself as well pleased with the present operation of the electric light and power plant.

Ralph Falconer gave a birthday party Monday evening at his home at 1813 E. Oak street to 16 of his young friends. He received many beautiful presents. A very enjoyable time was had by those present.

Clothing and shoes for young children and clothing for an infant will be received by Miss Edith Bohle, the visiting nurse, and sent to a destitute family near Cross Lake. Any contributions of this kind will be thankfully received and will be promptly sent to their destination.

Fritz Koop went to Fargo, N. D., last night and many of his friends had a suspicion that he was going away to get married. They armed themselves with old shoes and rice and gave him a liberal bombardment. Fritz is of a secretive nature and no one had any inkling that he was to be married, and no one knows who the fair young lady is.

## BIGGEST BARN IN COUNTY BURNED

ed Barn and Other Buildings Burned on Aug. Hildebrandt Farm Now Owned by Dr. Beise

LOSS ESTIMATED OVER \$3,000

1,000 Insurance on Barn, Granary and Machine Shed—Tramps Thought to Have Set Fire

The largest barn in Crow Wing county, the big red structure situated on the August Hildebrandt farm just south of the city and now owned by Dr. R. A. Beise, was burned to the ground.

The barn was two stories in height and measured 65 by 40 feet, resting on a stone foundation. The frames spread from the barn to a granary and machine shed near by and these were also totally destroyed. Considerable machinery was lost.

The total loss is estimated by Dr. A. Beise as being \$3,000. There is only \$1,000 insurance on the loss. No one knows positively how it started. Some think tramps may have been sleeping in the barn and set fire to it while smoking.

### Special Notice

In view of the union services of all the churches, to be held in the First Methodist church, this Thursday at 4:45 p. m., our regular mid-week service will not be held. We will join forces with the other churches gathered for the purpose of considering the advisability of a religious census of Brainerd. The plan will be presented by Mr. A. M. Locker, secretary of the State Sunday School association. The meeting is open to all who are interested in the religious life of our city.

"After having taught school eight months on the Cuyuna range, I feel as if it were a treat coming when I see your paper in my mail. It certainly gives all the news from that section and from the county."

### Take Your Common Colds Seriously

Common colds, severe and frequent, lay the foundation of chronic diseased conditions of the nose and throat, and may develop into bronchitis, pneumonia and consumption. For all colds and coughs in children and in grown people, take Foley's Honey and Tar Compound promptly. For sale by all druggists.

### COMMERCIAL CLUB

Will Soon Give a Series of Card Parties and Other Social Entertainments

The Commercial club had a good session last evening and as evidence of its progressiveness was the adoption of the plan to give a series of card parties, dances and other entertainments during the fall and winter season.

An effort will be made to have Brainerd better advertised on the folders of other railway companies, as some of these maps have no reference whatever to this city.

A committee was appointed to examine into the rates on potato shipments and see what could be done to get a fair shipping rate from Brainerd to nearby marketing points. Merchants assert that Anoka and Princeton are getting better rates on these shipments and can therefore handle business which Brainerd can not compete with under any circumstances.

It is further asserted that the county has a large and good potato crop but will be unable to market it all if we do not get a good rate.

### A BUSY TIME OF THE YEAR

Most Women Are Now Busy With Their Fall House Cleaning—Thus

### THEY ARE DOING THEIR DUTY

What's More—Some of Them Are Ruining Their Health

Just before winter sets in and if the weather will permit it, there is one task which every housewife is in duty-bound to do.

That task is the cleaning of the home and the preparation for the coming winter. A great many of the women in the city are at work now or have completed the drudgery of fall house cleaning.

Those who have completed the task think that they have fulfilled their duty, while in fact they have acted in opposition to their duty. They have knowingly and unhesitatingly made themselves sick by over working.

We say they have not done their duty, for this over working can be done away with by washing the curtains and other articles which are made of wool, linen and cotton, in the Peerless Steam Washer. Inquire at 419 Front street. 11011

## METHODIST NOTES OF DULUTH DISTRICT

Some Excerpts From Rev. E. K. Copper's Report at the Minneapolis Conference

### REV. DAVIS' WORK AT BARROWS

Condition of Churches at Pine River, Aitkin, Emily, Nisswa, Cross Lake, Etc.

The report of Rev. Dr. E. K. Copper, superintendent of the Methodist Episcopal church, which was presented to the Northern Minnesota conference in session at Minneapolis last week, is a very interesting document.

Excerpts have been made of this report and are printed herewith, showing the condition of Methodist churches at Brainerd and in this immediate locality.

"The church at Pine River, under Brother Barker, has completed the payment of its \$300 to the board of home missions and church extension; and the church at Aitkin, Brother A. L. Richardson pastor, has met its yearly claim with the board. Grand Rapids, Brother J. J. Parish, pastor, has paid \$200 on parsonage debt; Virginia, Brother R. W. Wilcox, pastor, \$800 on church debt; Sandstone, Brother W. G. Fritz, pastor, \$100; McGregor, Brother G. H. LaVoy, pastor, \$125; Nashauk, Brother F. J. Smith, pastor, \$350; Deer River, Brother C. W. Emery, pastor, \$300; Endion, Dr. J. W. Powell, pastor, \$2,000 on church debt; Chisholm, Brother C. P. Keath, pastor, \$650 on parsonage; Lester Park, Brother C. R. Oaten, pastor, \$500.

"On Sunday, Sept. 17, the district superintendent dedicated the new church at Emily, about thirty miles from the railroad in the northern part of Crow Wing county, assisted by the pastor, Brother B. A. Baker. Enough money was raised on the day of dedication to consecrate the building free from debt. The building cost \$1,000, and is a monument to the sacrifice and devotion of the pastor and people. Emily is a thriving agricultural community, and will undoubtedly soon be one of the large iron fields in the district.

"New work has been opened at Nisswa, Cross Lake, Bungo, on the Pine River circuit. Brother C. F. Davis has opened up work at Barrows, a new town springing into life south of Brainerd. Work has been established at Remer, Pallsade and Lawler, on the new Soo Winnipeg line running west from Duluth, and is being served by Brother G. H. Lovoy. Preaching services have been established at Crosby, with fine prospects, by Brother E. LaRoe, pastor. Sunday schools have been established in some of these places, and more in some of the older charges, so we shall have a large increase in Sunday school scholars.

"Duluth district will report a fine increase in the membership of the church; 371 increase has been reported to me to date, with more charges to hear from.

"The preachers of the Duluth district have proven themselves worthy of their high calling in Christ Jesus, and I present them, with one exception, faultless before the bar of this conference."

## TAX COMMISSION ARRIVES IN CITY

Messrs. Sam Lord and J. G. Armon and the Secretary, Rukard Hurd, Arrive

### WILL INSPECT CUYUNA RANGE

Mr. Lord is Gratified at the Fine Showing Made on Re-Assessing Moneys and Credits

The Minnesota state tax commission arrived in Brainerd at 12:30 A. M. from St. Paul and the members spent the night at the Ransford hotel. In the party are Sam Lord, of Kasson; J. G. Armon, of Stillwater and the secretary, Rukard Hurd, of St. Paul.

In a short conversation Mr. Lord said the commission was here to examine the Cuyuna range and would spend two days on the range, visiting Brainerd and its vicinity and Aitkin and the range near Cuyuna, Crosby, Ironton, Deerwood, etc.

On Monday the tax commission had a session at St. Paul and mine valuations were increased in St. Louis, Itasca and Lake counties. The amount of the increase is not known but it is understood that the so demonstrated the result of the commission's arbitrary on the part of the commission.

Last year the commission made a sweeping arbitrary increase of 5 per cent on all mine assessments. No such action was taken this year. May 1 of each year the mining companies file statements as to the condition of their properties. The commission verifies the figures and makes its assessments on the basis of its finding. The increase made this year are the result of development and in only a few cases was the development in the three counties mentioned overestimated.

"Of course," smilingly observed Mr. Lord, "the figures we get on the Cuyuna range will show the faith the different people interviewed have in the range."

He said the commission based its estimates of tonnage on the records as submitted by the mining companies and individuals, which of course would include, where necessary, drill records.

"The tax commission," said Mr. Lord, "is very well satisfied with the showing made in the re-assessment of moneys and credits throughout the state. The greatest number of these were made in the southern part of the state. In Fairbault the special assessor brought in nine times as much as the old assessor, raising the assessment from \$200,000 to \$1,800,000. At Northfield there was also a gratifying increase, as well as at Rochester, Albert Lea, St. Charles and other places.

"The amount of the assessment, thirty cents per hundred, is so small that no one should have any valid objection to making a full return and paying the small tax asked by the state."

The members of the commission then met Carl Zapffe in the morning and had a conference with him.

### ROSS LAKE RIPPLES

Everyone is enjoying the lovely October days and the beautiful moonlight evenings.

Mr. Simpson took a party out in his launch one evening last week. Those in the party were Mrs. Simpson, Edith Simpson, Lovena Keim, Mrs. Keeler, Miss Erickson, Frank Dushane and Ole Hallin.

Mrs. Toudt and son James, moved to Mud Brook last week.  
Mr. Peacock, of Chicago, was here a few days last week.

James Woodson is running the pumping station of the P. D. Willard & Co. drill.

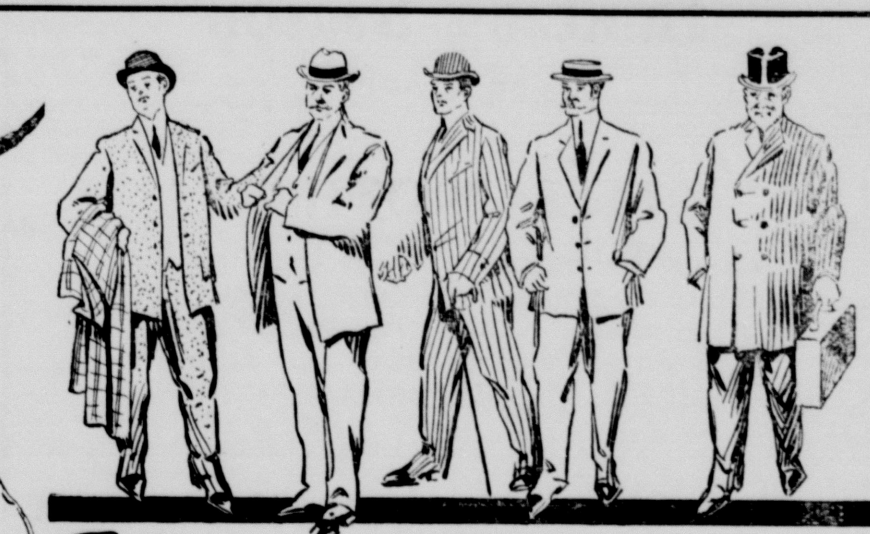

Peter Johnson is working on the drill at present while James Toudt is moving.

While hunting cows Tuesday evening, Theodore Keeler got lost in a balsam thicket, several miles from home. After wandering around several hours, he found the cows and by following them, he got home, hatless, but safe.

Peter, Mary and Esther Johnson, George, Wm., Theodore and Bessie Keeler and Chleo Terry attended the dance at Pine Knoll Saturday night.

Mrs. Keeler, Miss Erickson and Ethyle Keeler, called at the drill one day last week and took some snapshots.

## She's A Winner

The tailored-to-order girl always is. She has that distinction—that individuality—that fashionable appearance that only man-tailored-to-order clothes can give.

You too, can be a tailor-dressed girl. You too, can have the satisfaction of being STYLISHLY and PERFECTLY gowned for all occasions. And you needn't pay one cent more than you can well afford.

For by means of our exclusive arrangement with the famous American Ladies Tailoring Company of Chicago you now have the opportunity of obtaining the same identical styles—the very creations themselves, right here in your own town that all fashionable women in the big cities are now wearing.

Look at these prices. They are marvels of what scientific tailoring organization can do:—

Suits: \$13.50 and up      Dresses: \$12 and up  
Coats: \$10.00 and up      Skirts: \$ 5 and up

And, mind you, all are made-to-order—TO FIT YOUR INDIVIDUAL FIGURE. So satisfaction is absolutely guaranteed.

Come—see this magnificent line of Ladies' Fall and Winter fashions now on exhibit at our store. No obligations to buy. We merely want to show you what comfort and pleasure a little money can now purchase here.

Miss Long, our school teacher, went to Brainerd last week to spend Saturday and Sunday.

Mr. Pfeiffer's son-in-law has gone back to Chicago.

Miss Flora Caughey visited at J. L. Hammett's last Saturday.

Miss Mabel Johnson visited Mrs. H. Jabe recently before leaving for California.

Mrs. Sabrina Chord will give a measuring social at her school house in the Peterson district, three miles east of Esdon. Every one cordially invited to come and bring their best girl. Proceeds to go toward a new bell for the school house.

The white school house grounds were liberally decorated with large sheets of brown wrapping paper last Saturday. We heard later they were installing a new heating plant at that time.

Mrs. Jim Shew and two daughters, are living on the Dye place this fall.

Mr. Wm. Chord visited with his children last week.

Arthur Maghan was nearly laid up last week by a kick from one of his new horses.

Alice Novotny spent last week in Deerwood.

James C. Dahlman, "Cowboy" Mayor of Omaha, "Throws the Lariat"

Mayor Jas. C. Dahlman started his career as a cowboy, and is at present mayor of Omaha, and has the following record. Sheriff of Dawes Co., Neb., three terms; Mayor of Chadron, two terms; Democratic National Committeeman, eight years; Mayor of Omaha, six years, and in 1910 candidate for governor of Nebraska. Writing to Foley & Co., Chicago, he says: "I have taken Foley Kidney Pills and they have given me great deal of relief so I cheerfully recommend them." Yours truly (Signed) James C. Dahlman.

## PLUCKY PITCHING.

Vedder Sitton's Feat That Landed a Championship Pennant.

In the greatest finish that ever marked a minor league race New Orleans and Nashville, Southern league contenders, had come to the wire neck and neck. On Sept. 19, 1908, they met in the final and decisive game of the year upon exactly even terms. The entire fighting of the past five months had centered in that lone contest, five months packed into two hours of play, with the result to tell the story of the year's success or failure. Manager Frank of New Orleans, unwilling to run any needless risk, selected the veteran Theodore Breitenstein of St. Louis and Cincinnati fame to bat for his people in the box. Manager Bernhard of Nashville, passing over Vedder Sitton, selected a young Vedder Sitton, a new recruit, an ex-collegian, to face the \$100,000 man.

For six innings so perfect was the defensive play of both nines that neither team was able to score. In the seventh inning Nashville scored one run, and in the play involved young Sitton slid headforemost into the plate and fell over unconscious from the blow received just above the eyes. With the situation as tightly drawn as it was, disaster looked to be imminent. Bernhard immediately rushed his entire remaining staff back of the clubhouse to be ready for the call, while two physicians worked above the unconscious Sitton. He came to life again just as the Nashville team was taking the field for the eighth inning with another in his place.

Staggering to his feet, Sitton insisted upon finishing the contest, and Bernhard, against his better judgment, gave way. The heavy battling end of the New Orleans team was up in order. With bandaged head, his face still white and drawn from the shock, in no condition to stand, still less to lead a desperate charge, Sitton electrified the crowd by striking out two of the first three men that faced him. In the ninth he added two more victims to the list in bringing home the victory by the score of 1 to 0, winning the pennant by the margin of one point. And then he collapsed. He recovered two weeks before he was sufficiently to be up and about, and yet New Orleans batsmen relate that in those last two innings he had shown more "stuff" by a wide margin than at any other stage of the battle—American Magazine.

## First American Letter Box.

A little more than a half century ago the letter box was unknown. The inventor was Joseph William Briggs, nephew of a former governor of Massachusetts, who, as governor of Massachusetts, studied the needs of patrons and after correspondence with Postmaster General Dennison upon the subject took a train for Washington, bearing a pasteboard model of the letter box under his arm. The postmaster general saw the merits of the plan and appointed Mr. Briggs as special agent to establish the letter box and letter carrier system. The first letter box was attached by clamps to a lamppost that stood in front of a Cleveland drug store, and not a year had passed before fifty-two different cities had adopted the system.—National Magazine.

## Where Miners Lose Their Nerve.

Men accustomed to working in mines cannot stand great heights. It is almost an invariable rule that a miner will get dizzy and uneasy if you take him to a high place, such as a monument or the top of a house, and will try to get back to earth as soon as possible. And yet he can stand underground on the edge of a 500 foot shaft, look down into the black abyss and never feel a tremor. He can climb up the face of a shaft, knowing that there is a straight drop of a thousand feet under him, and feel perfectly at home.—Popular Magazine.

## MUSIC AND DRAMA

## Uncle Tom's Cabin

At the Park opera house, Tuesday evening, Oct. 17, the beautiful and realistic picture which has made Al. Martin's production of Uncle Tom's Cabin world-famous, are the little cabin of Uncle Tom, an old southern road, Skinner's tavern, the ice gorged Ohio River by moonlight, the grand old home of Phineas Friend, the wild rocky pass in Southern Ohio, St. Claire's home showing a tropical garden with its fragrant magnolia and orange trees, among which nestles the typical southern plantation residence, the home of Eva; corridor at St. Claire's, the great New Orleans levee and slave mart, a moss-circled road near Legree's, a street in New Orleans, Legree's plantation on the Red River with the cotton in full bloom, and the transformation entitled "The Celestial City." Mr. Martin's negroes are carried to fill out the pictures and introduce their plantation pastimes. Advance reserved seats and box seat tickets may be secured at the box office Monday, Oct. 16 at 10 A. M.

## At the Grand

The Grand drew good audiences last evening and the new pictures shown attracted much interest. "The One Hundred Dollar Bill" was the first picture shown and its keynote was the fact that luck is good or bad, just as we make it. "Her Two Sons" is a new picture showing how the innocence and frankness of a little child may work a great reformation in the lives and habits of people. "The Second Honey Moon" is a very funny picture and a tonic to those afflicted with the blues. Every married couple should have a look at this, as well as every one intending to or expecting to marry.

## At the Opera House

The show on Tuesday evening at the Park opera house attracted one of the largest audiences since the new moving picture show commenced business. Manager Tom Brown was satisfied and the audiences certainly were given their money's worth. The pictures were good and the "Pickers" added several new features to their act. They are colored actors and for a novelty made up white. Tonight there is a complete change of pictures. A vaudeville act may be booked for three nights next week.

## SICK, UPSET STOMACH

A Little Diapiesin Will Make Indigestion, Heartburn or Dyspepsia Go in Five Minutes

REST AND EAT some Diapiesin handy. Mrs. Winslow says: "I used to suffer over sixty years for their indigestion would not go away. I feel better now and you would feel the same."

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, indigestion or any other stomach disturbance.

## Lashed For His Discovery.

According to an old document discovered some time ago in Australia, gold was first found by a convict near Parramatta in 1789. The unfortunate fellow was at once charged with having stolen a watch and "boiled it down" and, being convicted by the rude court of those early days, was given 150 lashes for his pains. In later years the record of this incident was closely examined by an undoubtedly competent authority, who was quite convinced of the genuineness of the convict's story.

## PHYSICIANS RECOMMEND

## MELLIN'S FOOD

"I have been recommending Mellin's Food in quite a number of cases and find where it is used according to directions that it is always satisfactory. One thing I notice especially is that the Mellin's Food babies all seem to have good, hard, firm, healthy flesh—which is something you do not always find in manufactured foods."

"My husband is a physician and feels he has saved many a child's life by prescribing Mellin's Food. We first knew of its good qualities when our first child was fifteen months old. I weaned her and she began cutting her stomach teeth and had bowel trouble. We tried Mellin's Food. In a short time she began to gain and thrived from then on."

## The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight, because they have putty joints.

## Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned. Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.

## An Englishman on Englishmen.

In England, while good form restrains and levels the universities and the army, the poor people are the most motley and amusing creatures in the world, full of humorous affectations and prejudices and twists of irony. Frenchmen tend to be alike, because they are all soldiers; Prussians because they are all something else, probably policemen. Even Americans are all something, though it is not easy to say what it is. It goes with hawklike eyes and an irrational eagerness. Perhaps it is savagery. But two Englishmen will be as grotesquely different as Mr. Weller and Mr. Wegg.—G. K. Chesterton.

## KIND WORDS.

Kind words and judicious praise, particularly in the home circle, kill many a heartache. Never wait for postmortem praise. Speak the kind words which love prompts, and remember that words of loving kindness are the best possible tonic which can be given.

Presidential Nominations.  
The statement is often made that no man ever declined a nomination for president. A convention of the Abolitionist party was held in New York city in November, 1847, and nominated John P. Hale of New Hampshire for president and Leifester King of Ohio for vice president. Mr. Hale declined the nomination, and the ticket was abandoned. In 1852 the Free Soil Democratic party held a national convention in Pittsburg and nominated Hale for president. He accepted and at the election received 156,149 votes in twenty states. Party nominations for vice president have been declined a number of times.—Exchange.
